

# 2011 Atlantic Christian Ashram

## Registration Form

### Ashram Attendees:

Please find enclosed your 2011 Ashram Brochure. Please read it carefully as there are a few minor changes from last year. The Registration Form is printed below. Please fill it out completely and return it to the Registrar as soon as possible with your payment. As most of you probably know the Berwick Campground sustained considerable damage during a major windstorm earlier this fall. Although the common use facilities were spared, a significant number of cottages sustained considerable damage or were completely destroyed. The United Church is in the process of cleaning up the site and repairing the cottages that can be repaired so they will be ready for use next summer. There are a number of cottages that will need to be rebuilt and some of these will not be available for use during our 2011 Ashram. In order to help offset the loss of these cottages the United Church is planning to bring in some travel trailers for use this summer. Our Ashram will proceed as planned and we do not anticipate any major issues that we will have to deal with. We look forward to seeing you this summer.
